

ONTARIO RETURN TO CYCLING UPDATE V.13 – June 10, 2021

The Provincial Government has announced that the province will move into Step 1 of the *Roadmap to Reopen* plan on June 11, 2021. As part of this plan, club and team activities are permitted under the following requirements as outlined in the published [provincial regulations 82/20](#):

- Group size is limited to ten (10) inclusive of a required ride leader and/or coach (referred to as the Sport Trainer)
- **Physical distance of 3m** [extended from 2m] must be maintained at all times
 - For clubs and teams with activities on the road, consideration must be given to the overall length of the group when on the road [as a result of physical distancing requirements]
- The Group leader/designate (Sport Trainer) must conduct a screening of participants [ensure participants indicate they do not have COVID-19 symptoms e.g. using a written (including online) or verbal questionnaire] [Example](#)
- The Group leader/designate (Sport Trainer) must record who participated in the activity and this must be kept on file with the club/team for a minimum of one month.
- The group leader/designate (Sport Trainer) is responsible for ensuring the club or team risk management plan with COVID-19 protocols (Safety Plan) is followed and made available to all participants in writing. Access to it DURING the activity must also be available.
- Club/teams have up-to-date Risk Management Plans, Ride Guidelines, and COVID-19 protocols aligned with the protocols above:
 - At any time, prior, during, or after a club activity, participants will be required to maintain a physical distance of at least 3m [unless indicated to allow less by the OCA Return to Sport Policy and latest Government Regulations]
 - Club activities will be restricted to the maximum allowable number of participants per group as indicated in the latest applicable government regulations.
- At the present time, the OCA will not be sanctioning club/team time trial activities as we finalize the process for how these may run under the new regulations.

Reminder: *All activities that have not been previously submitted and approved must be submitted to the OCA in order to be sanctioned.*

For further questions, please contact the OCA office.
