Ontario Cup Points

Ontario Cup points are awarded to all categories. Only riders who have an OC membership are eligible for OCup points. Riders who do not finish (DNF) are not entitled to OCup points. Riders who upgrade during the season will not carry their accumulated points into their upgraded category. OCup points earned will remain in the category they were awarded within. Ontario Cup series champions will be decided by season ending Ontario Cup Cyclo-Cross series point totals by a simple tally of all the points earned for the current year.

Series points will be awarded as follows for all Ontario Cups:

Position	Points
1 st	25
2 nd	20
3 rd	16
4 th	13
5 th	11

Position	Points
6 th	10
7 th	9
8 th	8
9 th	7
10 th	6

Position	Points
11 th	5
12 th	4
13 th	3
14 th	2
15 th	1

**Any riders competing with a non-member permit or residing out-of-province are not eligible to earn OCup points.*

Riders will earn a 10-point bonus to their total 2025 OCup Points tally for registering in the 2025 CX Provincial Championships. Riders who do not register for provincials are not eligible. If a rider upgrades to a higher ability OCup category during the season and earns points in more than one category, the 10-point bonus will only be applied to the highest ability category the rider raced. For example, the final top three of an OCup category could look like:

Name	OCup #1	OCup #2	OCup #3	OCup Total	Provincials	Final Points
Rider 1	20 (2 nd)	25 (1 st)	16 (3 rd)	61	10 (Yes)	71
Rider 2	16 (3 rd)	16 (3 rd)	25 (1 st)	57	10 (Yes)	67
Rider 3	25 (1 st)	20 (2 nd)	20 (2 nd)	65	0 (No)	65

Category Upgrades/Downgrades

Riders competing in Ontario Cup events are eligible to self-seed into the category they feel best matches their racing ability. If a rider decides that a race category is too difficult (or subsequently not difficult enough), they will be able to downgrade or upgrade at their discretion.

If a rider would like to upgrade age categories, for example U17 to Cat A (17+) they are required to submit a formal upgrade request via the OC upgrade form [here](#). Age category upgrades require the submission of race results, experience, and other supporting information – to be eligible to submit an upgrade request riders must first meet the required criteria as listed in the form. All upgrade requests are subject to approval from the Ontario Cycling Upgrade Committee.

At Provincial Championships riders must race in their age group.

As a [True Sport](#) organization, Ontario Cycling continues to believe in the True Sport Principles. To this effect, OC reserves the right to move riders into a more suitable category that matches their abilities to ensure the principles of PLAY FAIR, RESPECT OTHERS and KEEP IT FUN are preserved.

**Any age category upgrade approved by Ontario Cycling is for Ontario Cycling sanctioned events only. Those looking to upgrade for a National level event (including National Championships) must make this request to Cycling Canada.*

Ontario Cup Call-Up Protocol

Call-ups for OCup categories are designed to encourage participation in the OCup series. The following is the protocol when using OCup points to determine the call-up order:

- 1) Riders tied with the same number of OCup points will be randomized.
- 2) After the first 2 rows are filled, any remaining riders will fill the additional places on the starting grid on a first-come, first-served basis.
- 3) If the first 2 rows are not filled, other riders can take open positions.
- 4) When two or more categories are combined in the same start wave (that is, start at the same time offset), those riders will be considered "in the same race". Call-ups will cycle between each category to fill the first 2 rows (1st, 1st, 2nd, 2nd, 2nd, 3rd, 3rd, 3rd, etc.).

Organizers may acknowledge National or World Champions in their race. These acknowledgments will be done before the call-ups. Participants will then be called up by the procedure above only. Riders may choose any position on the grid after their call-up, including not taking a position until the remainder of the field is called up.

Technical Assistance Regulations

- 1) Riders should be prepared to work on their bicycle outside of the pit area. They can receive assistance in the pit area only.
- 2) Spare bicycles and wheels are allowed in the pit area only.
- 3) Riders are required to supply their own parts and equipment in the technical assistance zone. Riders may not take other participants equipment without their permission.
- 4) Riders may carry tools and spare parts, provided that these do not involve any danger to the rider themselves or other competitors.
- 5) No rider may turn back on the course to reach the pit area.
- 6) Only those persons responsible for assisting riders may be in the pit area. Spectators, children, and pets are not permitted in the pit area. Spectators may watch from outside of the course.

Bad Weather and Course Changes

- Changes to the course may be required in case of severe weather or changing atmospheric conditions. Changes will be announced at the start of all races. In all conditions riders should ensure they are riding within their limits and dismount if the terrain exceeds their technical comfort level.
- In the case of severe weather requiring a change of schedule, an email will be sent out to all participants, and information will be posted on Ontario Cycling's social media accounts.

What to expect on race day?

Have your Strava account set up and join the [Ontario Cycling Club](#) group. Bring your GPS device on race day to record your ride. During the race the top 10 fastest lap times for both Women and Men regardless of category will be recorded and earn points towards the grand prize special edition jersey that will be awarded at CX Provincial Championships in Peterborough! How to upload your activity to Strava

Use the Strava app to “Record” and “Save” your ride, which automatically uploads your activity. Check out the [Getting Started Guide](#). If you already have a dedicated GPS device or use a different fitness platform, you can sync your activities to your Strava account. Find out what devices and services [Strava supports here](#).

The virtual series

Take part in the full OCup series and compete for a chance to win all segments. The fastest ten male and female riders in this designated MONTU OCup Segment Challenge section of each race will collect points that will accumulate throughout the OCup Series races. Each discipline’s highest-ranked male and female will

receive a MONTU OCup Segment Challenge winner jersey and bragging rights for the year.

NOTE: Unlike race results, the MONTU OCup Segment Challenge is based on overall Male & Female results and not separated by age categories.
